Your child's gift list
Buttoned Up.™

buttoned up®

It can be very hard for children to think about others during the holiday season. We have to help children learn to give, not just receive. Use this child's gift list to help children record their gifts to others, as well as their Christmas list. In addition to asking "What do you want for Christmas?," also ask "What are you giving this year for Christmas?"

Dear Santa:

This year, I have been:

- naughty
- very naughty
- nice
- very nice

I hope to receive	I plan to give

Thanks a million!
Love,

_____
