

# Your thanksgiving napkin rings

## Buttoned Up.™

If you're hoping to find a low-cost way to dress up your table for Thanksgiving next week, look no further! You can use this printable to craft your very own set of napkin rings in no time—simply print and glue. If you have little ones, enlist their help. Before the big day, print out a sheet of this paper. Have them cut each strip out (& cut to length as necessary) and glue or tape it into a ring. Then help them put them on the napkins. This craft always makes for great conversation at the dinner table.
