

Your boredom busters!

Buttoned Up.™

Rainy days, too-hot days and too-cold days all have a tendency to elicit a chorus of, "Mom, I'm bored!" Nip the whining in the bud with these boredom busters. Just have the kids cut them up and put them in a goldfish bowl. Whenever they're bored - have them go fish for a fun activity to do. And use the label on the last page to decorate your bowl.
